

# A store without boundaries

# Retail Mobility!

In-Store functionality with the full database of a tethered to the network POS terminal that can take your retail business outside of the four walls of tradition. Please visit [www.posperfectinc.com](http://www.posperfectinc.com) and [www.posperfect.com](http://www.posperfect.com)

**Take credit card purchases right on the spot! That is cash flow... That is real performance!**

Add customers right on the spot, update customers right on the spot and most of all service customers right on the spot. Bring the full power of **POSperfect II** and your retail business to the customer. Pool stores and mobile retailers now have a whole new world in which to operate their business in.

## \* Did you know?

Our partner Data Ltd, Inc. packed the broadest possible array of features and functionality into this hand-held, mobile device making the DLI 8300 a completely self-contained communications and retail POS platform. This was the choice of Walt Disney World with over 600 units working outside in the park as handheld line busters, on Kiosks, and vendor carts every day. Onboard wireless and cellular communication features provide today's mobile retailer with the freedom & flexibility that drives productivity, increases sales and ROI.
